The background of the entire image is a high-resolution marble pattern. It features a light grey or off-white base color, overlaid with intricate, flowing veins of a darker grey or blue. Interspersed throughout these veins are thin, irregular lines of a golden-brown or tan color, creating a complex and visually rich texture. The pattern appears to be a natural stone or a high-quality synthetic material designed to mimic natural marble.

The background of the entire image is a detailed marble pattern. It features a light cream or off-white base color, overlaid with a network of thin, irregular veins in shades of grey and black. Interspersed throughout these veins are larger, more complex patches of a golden-brown or tan color, creating a rich, organic texture.

EFUVR5-11

The image shows a full-page view of a marbled paper texture. The pattern consists of dark brown, black, and light tan or cream-colored veins and spots, creating a complex, organic, and somewhat chaotic visual effect. The texture is dense and covers the entire area.
